

Materials detectives - technical stuff!

Your challenge is

- What materials have been used in the construction of the church?
- What have they been used for and why do you think they were chosen?
- What has happened to the materials over time?
- What evidence can you find of materials failing?
 - Can you find where the pictures you were shown were taken?

Glass detectives - technical and artistic!

Your challenge is

- Some of the stained glass in Messingham Church is very old and important. Which windows do you think contain the old glass?
- How do you think the windows are made?
- What condition are they in?
- The glass contains many interesting images.
 - What interesting / unusual images can you find?
 - What is your favourite piece of glass?
